1. Read Government Proceedings No. 354 - Municipal dated 22nd July 1909 calling for detailed proposals regarding

regarding the removal of the Offensive in the Canle Honda.

Resolution The Board are very anxious to effect the necessary Sanitary improvement but are unable to do so for want of funds. Reference may be invited to correspondence ending with the President's No. 465 dated 26th May last.

Read Government Proceedings No 1073-4/Mul 342-3-18 dated 25th July 1919, forwarding for needful action an extract from the diary of the District Medical and Sanitary Officer about the unsatisfactory state of the Water Supply of the Chitaldrug Town.

Resolution. The water supply tanks are dry. In the opinion of the Executive Engineer of the Division, the Catchment area of these tanks cannot be naturally improved He is moreover of opinion that the question of augmenting the existing water supply by improving the Seemeu Honda is well worth investigation. The Board would therefore recommend that the Executive Engineer, Water Supply Division, may be asked to investigate the project and favor them with his opinion.
